GUEST INFORMATION

WELCOME!

elcome to Abigail's Hotel and to the beautiful city of Victoria, also known as the "City of Gardens".

You are presently situated in the capital city for the province of British Columbia and are surrounded by rich history and culture that I hope you will explore first-hand during your stay here.

Victoria is one of the oldest cities in the Pacific Northwest, with European settlement beginning in 1841. Our Parliament Buildings, located approximately four blocks away, were completed in 1897 and we host the second oldest Chinatown in North America (San Francisco has the oldest).

Not only are you in a special city, you are also in a special hotel. Our size of 23 rooms, coupled with our heritage status, is unique to Victoria. We believe that a distinctive atmosphere exists at Abigail's that is created by blending the romance and charm of the past with the comforts and convenience of the present.

As the General Manager of this intimate boutique hotel, please know that our entire service team is committed to providing you with a truly pleasant experience. Your well-being and enjoyment is our number one priority. If there is anything that we can do for you during your time with us, please do not hesitate to ask.

Thank you for your patronage and I wish you a wonderful stay.

Sincerely,

Allison Fairhurst
General Manager

A WORD ON REVIEW SITES

The emergence of travel related review sites has had a profound impact on how people organize their travel and select their accommodation. The power of such sites is that they make it easier to obtain truth and transparency about a product or service. This is particularly noticeable when compared to traditional advertising which has been known to mislead or distort perception to the unfortunate detriment of consumers. The reality is that peer review has always been more influential than any other form of direct advertising and I believe everyone is more willing to believe feedback from someone we know or can relate to than to any piece of marketing material published directly by a company. Usually if one follows the “review momentum” you can get a good understanding of a product or service; which is not only efficient in terms of ease of access, but also effective in terms of guiding you to a suitable decision. Furthermore, the more people that use these sites, the more accurate they get.

However, as most people know, the internet can also contain negatives. For starters, it is permanent. One blemish or bad day (which we all have) can haunt a product or service for eternity, which is unfortunate as no amount of correction or improvement will erase that blemish. Second, and even more terrifying, is that the internet offers anonymity and removes a layer of personalization and courtesy that exists in physical presence. It seems that sometimes this *veil of anonymity* can turn people into creatures of criticism that they would not otherwise become if they were talking to someone in a face-to-face manner. With respect to this point, I highly encourage all of our guests to be vocal with us. If you have any concerns or issues during the duration of your stay, please let us know so we can take immediate action. We take our service delivery very seriously and believe that we are responsive to criticism and feedback; please don't be shy!

Finally, the kindest compliment a guest can give us is the gift of a referral. Either directly in-person or online through public review websites. If you had an enjoyable stay with us and think that someone else may benefit from hearing about your experience, we would greatly appreciate it if you would take the time to post a review of us on any of the following sites: **TripAdvisor.com** or **Google.com**. These sites are a valuable source of business for our property and allow us to compete effectively against our much larger and well-funded competition. We would value your honest, balanced and objective commentary.

Thank you,

Allison Fairhurst
General Manager

EMERGENCY PROCEDURES

IN CASE OF FIRE

Chances are that you will never be involved in a hotel fire but please take a few minutes to read this page as it will prepare you in the event that such an emergency should arise.

UPON ARRIVAL

Before entering your room, look around and establish the fire exit routes which you would take in the event of a fire. Also, please locate and confirm the position of the fire alarm and extinguisher on your floor.

We have one fire alarm near the main stairwell on each floor. We also have one extinguisher per floor. Additionally, Fireplace rooms in the Main House have an extinguisher in each room. Our Main House has three stairwell exits and our Coach House has two stairwells.

IF YOU DISCOVER A FIRE

1. Pull the nearest fire alarm
2. If possible, close all doors around the fire area in order to keep the fire from spreading
3. Telephone Guest Services to report the fire by pressing "0" on your phone
4. Use a fire extinguisher to fight small fires only, AVOID LARGE FIRES at all costs
5. If at all possible, exit the building you are in as soon as possible using a stairwell

IF YOU HEAR AN ALARM

A continuous bell signifies for you to evacuate your room immediately. Take your room key with you, as you will need it to gain access later after the "all clear" has been given. With your hand, test the door to the hallway to see if it is hot or cool. Inch the door open if it is cool. Close the door quickly if there is smoke in the hall. If the hallway is clear of smoke and fire, head for the nearest exit. If the hallway is smoky or dark, lower yourself to the ground and hug the walls as you make for the exit. Keep as low to the floor as possible. Check the exit door for heat prior to opening. If the stairwell is safe then exit down to the street level.

IF YOUR EXIT IS BLOCKED

Go back to your room. Should your stairwell start to fill with thick smoke and your exit turns out to be unsafe, return to your room. Telephone Guest Services (“0”) and advise them of your location and situation.

IF YOU CAN’T LEAVE YOUR ROOM

Stay there. If you cannot exit, it is the safest place to be. Stuff wet towels under the door to stop the smoke from seeping in. Remove all drapes from the windows, fill your bathtub and keep plenty of water in the tub and have ice buckets and wastebaskets nearby for carrying water. Signal your presence by hanging a wet bed sheet out of your window, this will inform the Fire Department your room is occupied. Stay calm, do not hurry.

HISTORY

Originally built in the 1930s as a Tudor revival-style apartment building, Abigail's was previously known as "The Bessborough" apartments.

The apartments were named after Vere Brabazon Ponsonby, ninth Earl of Bessborough, who was the Governor General of Canada from 1931 until 1935. Abigail's is derived from the half-timbered houses of the 16th and 17th centuries with irregular shapes, steeply pitched roofs, multi-paned windows and rough-hewn materials. The Bessborough was originally an eight-suite luxury apartment building.

Contrary to popular belief McClure Street, where Abigail's is located, has no connection with the well-known architect Samuel Maclure. McClure is one of the famous explorer streets named after Robert John Le Mesurier McClure.

In 1985 The Bessborough was completely renovated, converting it into a seventeen room Bed and Breakfast Inn. The exterior had been restored to its original Tudor architecture and it was designated as a Heritage Building in the Historic Registry for the City of Victoria.

In 1998 the "Coach House" was completed alongside the main house with six luxury guestrooms. All Coach House rooms feature king-size beds, wet-bars, wood burning fireplaces and jetted tubs.

Upgrades, room refreshes and other major amenity changes are continuously pursued on an annual basis. Despite the changes, we have been careful to preserve the heritage atmosphere of this unique building. European furnishings with antiques, rich fabrics and warm colours, fresh flowers, fine art and stained glass – our interior design helps to create that 'special experience' that remains respectful of the beauty and luxury of our history, blended with the sophisticated modern comforts of the present.

Abigail's is a labour of love that we hope you enjoy.

HOTEL POLICIES

NO SMOKING POLICY

Abigail's Hotel is a 100% non-smoking building both inside and outside of our property. This is the result of a city wide by-law, that prohibits smoking within seven meters of all doorways, windows or air intakes. Anyone found smoking in their rooms or in our common spaces will be subject to a \$200 penalty charge and may be liable for additional fees in the event their rooms go out of service for treatment and cannot be resold.

CHECKING IN / CHECKING OUT

Check-in time is 3 pm. Check-out time is 11 am. Our ability to accommodate requests for early check-in or late check-out is based on hotel occupancy and our staffing levels during that particular day, please notify the Guest Service Representative of your request as soon as possible.

HOTEL RATES AND BOOKING POLICIES

- Rates are based on double occupancy and a \$30 charge applies for each additional guest thereafter
- We do not accept reservations from individuals under the age of 21
- All room rates are quoted in Canadian funds and are subject to local taxes
- A credit card is required upon booking and the first night's stay is charged 7 days prior to arrival

CANCELLATION POLICY

- Abigail's has a 7-day cancellation policy. A non-refundable deposit of one night's room and tax will be taken 7 days prior to arrival.

Our cancellation policy exists to protect our customers as well as the hotel. Unlike industry practice, Abigail's does not believe in 'overselling' its rooms whereby certain properties factor in a cancellation contingency and continue to sell more rooms than they actually have. Sometimes this practice works for them, other times guests arrive from distant locations only to find they must be escorted to another property – which, as you can imagine, is disastrous. To hedge our exposure from not overselling rooms, we must give ourselves a cancellation notification period that allows for a reasonable 'booking window' to re-sell a cancelled room.

DINING/BREAKFAST

BREAKFAST AT ABIGAIL'S

Abigail's is famous for its gourmet three-course breakfasts. Our menu changes daily and can be reasonably customized to accommodate specific dietary concerns. Daily features include a choice of either a "Light," "Sweet," or "Savoury" option with additional sides of a starch and protein. Abigail's breakfast is included in your room rate. Subject to seasonal availability, Abigail's will always try to use local and organically sourced products as its first choice.

BREAKFAST TIMES

COVID-19 update: In an effort to maintain appropriate social distancing measures and limit the number of people in our dining room, guests are asked to sign up for one of 3 breakfast seatings at 7:00am, 8:00am or 9:00am. Please contact the Front Desk to reserve your seating, based on availability on a first come first serve basis.

BREAKFAST IN BED

We also offer a complimentary Breakfast in Bed Basket. Guests who wish to have breakfast delivered are asked to make arrangements with the Front Desk by 11:00 pm the night before.

APPETIZERS

Due to the COVID-19 pandemic and safety measures outlined by health officials, our evening appetizer buffet has been suspended until further notice. Evening appetizers will be pre-plated for each guest and are available any time after 4:30pm to either enjoy in our public spaces or in the comfort of your room. During this time Abigail's also offers a beer and wine service, hosting a fine selection of local beers and Canadian wines (surcharges applicable).

OTHER DINING

Abigail's food service extends only to breakfast and evening appetizers. There are many award winning and fantastic restaurants within short walking distance of the hotel that we would be happy to recommend.

FREQUENTLY ASKED QUESTIONS

DO YOU HAVE SMOKING ROOMS/FLOORS?

No. Abigail's (and the Province of British Columbia) is 100% non-smoking inside our buildings/rooms and within seven meters of all exterior doorways, windows or air intakes.

DO YOU HAVE GUEST ROOMS WITH DOUBLE BEDS?

One of our rooms has two double beds. The remainder of our 23 rooms are either King or Queen-sized beds. Our Opal room category and our Sapphire room category are sufficient in size to accommodate a rollaway cot.

IS IT CUSTOMARY TO TIP/PROVIDE GRATUITIES IN CANADA?

Gratuities are completely up to your own personal discretion; they are appreciated but certainly not expected or required.

In restaurants, it is often customary to tip approximately 15% on the total bill before tax and up to 20% for exceptional service. Please note that often in restaurants there will be an automatic gratuity for larger groups (usually 6 or more) so be sure to read your bills closely if you're dining with a large party.

Unlike tradition in our industry, Abigail's pools all tips and distributes them to staff based on hours worked. We do this out of fairness to our "back of the house", who work equally hard to ensure your experience is delightful.

DO YOUR GUESTROOMS HAVE A TABLE AND DESK SUITABLE FOR MEETINGS WITH CLIENTS?

Our guestrooms were designed for luxury and comfort with a focus on fulfilling your recreational needs. Most rooms have a small desk for your personal use, but for formal/true workspace we would recommend making alternative arrangements. Our Guest Service Representatives can arrange external meeting space at several nearby facilities if needed.

WHO OWNS ABIGAIL'S?

Abigail's is privately owned by a local family. The day to day operations are run by General Manager, Allison Fairhurst.

DOES ABIGAIL'S HAVE A RESTAURANT?

No, Abigail's food service extends only to breakfast and evening appetizers. There are many award winning and fantastic restaurants within short walking distance of the hotel which we would be happy to recommend.

IS ABIGAIL'S HAUNTED?

Sadly, no. We appreciate this limits our ability to market ourselves to various niche markets throughout North America but we simply cannot claim that we've seen any ghosts or had anything unusual happen on our property that warrants the notion. If anything, Abigail's is haunted by the ghost of romance.

DOES ABIGAIL'S ALLOW CHILDREN?

We are an adult oriented, special occasion property whereby the majority of our guests come for romance, rest and relaxation. As such, only children ages 13 and up are able to stay at the hotel.

DO WE HAVE COOKING FACILITIES IN OUR GUEST ROOMS?

No. We've never aspired to cook while on vacation, nor would we expect our guests to.

WHAT TIME IS CHECK-IN?

Our standard check-in time is 3:00 pm.

WHAT TIME IS CHECK-OUT?

Our standard check-out time is 11:00 am.

CAN I REQUEST A LATE CHECK-OUT?

Late check-out is based upon availability and is not something that we can guarantee. Our housekeepers typically finish their day by 3:30pm and late check-outs significantly impact their ability to complete their day in time.

CAN I STORE MY LUGGAGE FOR THE DAY ONCE I'VE CHECKED OUT OF THE HOTEL?

Absolutely! We provide complimentary luggage storage available any time after you check-out.

WHAT ARE THE COMPLIMENTARY GUEST AMENITIES OFFERED BY THE HOTEL?

Our complimentary amenities include wireless high-speed Internet access, complimentary faxing/photocopying, access to our DVD collection in our library, free local phone calls, filtered bottled water and freshly baked cookies in your room upon check-in and parking at our rear parking lot.

ARE YOU A PET FRIENDLY HOTEL? IF SO, WHAT KINDS OF PETS DO YOU ALLOW?

No pets of any kind are permitted to stay at Abigail's.

DO YOU HAVE WIRELESS HIGH SPEED INTERNET ACCESS?

Yes, Abigail's offers complimentary high-speed Internet access in all public areas and guest rooms.

DO YOU HAVE A FITNESS CENTER OR POOL?

Unfortunately, we do not have a fitness center or pool, however we are conveniently located just a block and a half away (under a 5 minute walk) from a YMCA facility which has drop-in rates and access to all varieties of workout equipment and facilities, including a pool.

HOW FAR IS ABIGAIL'S FROM MAJOR VICTORIA ATTRACTIONS?

Abigail's is extremely well located and in close proximity to most of the major Victoria attractions and neighbourhoods. Below are estimated travel distance and time for some of Victoria's most popular destinations:

- Victoria's Inner Harbour – approximately 3 blocks away – 10 minute walk
- Royal British Columbia Museum – approximately 3.5 blocks away – 15 minute walk
- Parliament Buildings – approximately 4.5 blocks away – 15-20 minute walk
- Craigdarroch Castle – approximately 1.6 kms away – 25 minute walk or 5 minutes by car
- Government House – approximately 1.6 kms away - 25 minute walk or 5 minutes by car
- The Butchart Gardens – approximately 23 kms away – 30 minutes by car/taxi/bus

IS ABIGAIL A REAL PERSON? HOW DID THE HOTEL GET ITS NAME?

No, Abigail is not a real person. There are a few commonly accepted theories on how the hotel got its name:

1. The name Abigail is believed to mean “source of joy” (Biblically)
2. Also in the Bible, Abigail was a hostess known to be faithful and honourable
3. Words starting with “A” are located at the front of the phone book (i.e. the ‘marketing theory’)

We have a painting of our mythical Abigail hanging behind the front desk in our lobby.

OUR GREEN COMMITMENT

Abigail's is striving to be environmentally aware. In an effort to preserve and protect the beauty of Victoria, Vancouver Island and our environment we participate in the following green initiatives:

- We partner with a not-for-profit organization that recycles the soap left behind by guests for use in impoverished countries / areas of need
- We have switched our shampoo, conditioner and body wash to a dispenser based solution which allows us to minimize the use of miniature plastic bottles and wasted/unused product which is difficult to reclaim
- We encourage guests to participate in our optional towel exchange program (described below)
- We keep our cleaning products as natural and environmentally acceptable as possible
- We buy local as often as possible, minimizing the fuel consumption of potential suppliers
- We use energy saving LED and CFL lights in almost all of our fixtures
- We provide complimentary in-room filtered water in refillable glass bottles

Although we are a small property we do believe that we can make a difference in our environmental impact and we are continually on the lookout for further improvements to adopt.

TOWEL/LINEN EXCHANGE - COVID-19 UPDATE

- Due to new health and safety protocols from the Province of BC and WorkSafe BC, stay-over cleaning has been suspended until further notice.
